EDUCATION

HSC (2017), Hazi Misir Ali College,
Narayanganj

Bachelor of Science in Computer Science
(2022-2025) Freshman, University of the
People, USA

LANGAUGE

Bangla

English

Hindi(listening)

PROJECTS

1. Travel Agency Website

[Live website](#) [Client-site code](#) [Server-site code](#)

- This is a travel agency website.
- It has functionalities like booking a service.
- I have used the MongoDB database to store the service and user data
- It has functionality like google authentication.

2. Automobile website

[Live website](#) [Client-site code](#) [Server-site code](#)

- It is also a full-stack project (MERN).
- I have used Material Ui as a CSS framework that is for Design purposes.
- To smoothly navigate the website I have used here React-router-dom.
- To handle authentication I have used here google service firebase authentication.

3. Health Care Website

[Live website](#) [Client-site code](#)

- It is just a front-end web application
- I have used Bootstrap as a CSS framework that is for Design purposes.
- To smoothly navigate the website I have used here React-router-dom.
- To handle authentication I have used here google service firebase authentication.
